As some typographical errors may have occurred in publication, it is requested that, should any be discovered, they may be at once notified in writing, to the Under-Secretary of State, The War Office.

For explanation of abbreviations and for definitions of the various terms used in these Regulations, see *Equipment Regulations, Part* 3.

REGULATIONS FOR THE EQUIPMENT OF THE ARMY.

PART 2, SECTION XVII.—OFFICERS TRAINING CORPS.

NOTE.—*Where reference is made in these Regulations to Equipment Regulations, Part* 3, *the officers commanding Officers Training Corps units will carry out the instructions given therein for Territorial Army County Associations.*

Section I.—GENERAL REGULATIONS.

CARE AND CUSTODY OF EQUIPMENT.

1. The C.O. is responsible that all stores supplied by the War Department free of charge for the use and equipment of his unit are maintained in a serviceable condition and in the authorized proportions. He is liable to make good any loss or damage, unless the loss occurred unavoidably or the damage was due to fair wear and tear.

2. The instructions contained in Section I of Equipment Regulations, Part 3, as regards—

Periodical inspection of equipment by O.C.;

Digitized by Google

Stocktaking on change of command, and annual stocktaking;
Procedure on change of command;
Trials or experiments involving use of public equipment;
Communications regarding supply of equipment;

will be followed by O.T.C. units.

SUPPLY OF EQUIPMENT.

3. Arms, ammunition and equipment will be issued free to units in the proportions detailed in these regulations.

4. Indents for stores (except ammunition) will be prepared on A.F. G 997, and for camp equipment on A.F. G 968. Special forms are provided for ammunition. The instructions contained on the forms are to be strictly adhered to.

5. All indents will be signed by the O.C. the unit, or by an officer acting in his name, and will be submitted in sufficient time to allow of the issue of the stores being made without difficulty by the date they are required.

6. Until a C.O. has satisfied himself that articles are thoroughly unserviceable and cannot be repaired by the means at his disposal, he will not forward indents for their replacement.

7. Stores not allowed as a free supply may be obtained from the R.A.O.C. on prepayment provided that such articles form part of the authorized peace equipment of corresponding units of the regular forces. Stores required for the care, repair, and maintenance of authorized equipments may also be obtained from the R.A.O.C. on prepayment.

Indents for stores demanded on prepayment will be endorsed to that effect in red ink.

8. When stores are to be issued on prepayment, priced vouchers will be sent to the O.C. the unit concerned and to the command paymaster. When payment has been made the command paymaster will complete the duplicate and return it to the O.O., who will then issue the stores and obtain the receipt of the O.C. the unit for them.

9. The cost of carriage of stores issued free of charge by the R.A.O.C. will be chargeable to army funds, except as provided in para. **21**, but the cost of the carriage of all stores issued on prepayment or loan will be borne by the unit concerned.

Digitized by Google

RECEIPT OF STORES.

DAMAGES AND DEFICIENCIES.

RETURN OF EQUIPMENT INTO STORE.

11. The instructions contained in Section I, Equipment Regulations, Part 3, under the above headings, will be followed. (*See* note on page 3.)

PUBLIC EQUIPMENT ACCOUNTS.

13. An equipment ledger, containing a record of all articles of permanent public equipment (that issued free by the War Department) and of all ammunition supplied gratuitously will be kept under the orders of the O.C. the unit. Articles of public equipment detailed in Appendix XIX, E.R., Part 3, will be recorded in manuscript at the end of the equipment ledger, showing the W.D. registered numbers, or where such do not exist the maker's name and number. In the event of any of these articles having no such number, the remark "No identification mark exists" will be entered. The manuscript list will be marked "Certified correct" by the C.O. after verification by him.

The following books will be used for this purpose :—

Units of Senior Division	Cavalry and Infantry ...	A.B.	110
	Artillery with Q.F. 18-pr. or 4·5-inch Howitzer equipment	,,	183
	Engineers	,,	173
	Signals	,,	165
	Sound Ranging Section ...	,,	165
	Survey Coy.	,,	165
	Medical units	,,	241
	Veterinary contingents ...	,,	165
All units of Junior Division		,,	165

14. Full instructions for keeping equipment accounts are contained in Equipment Regulations, Part 3, Section I (Public Equipment Accounts) and Appendix II.

Ledgers will be balanced and closed and stock will be taken on 30th September. Ledgers will be sent to the local auditor before 1st November accompanied by all relevant vouchers and certificates.

Digitized by Google

Section II.—ARMS.

ISSUE.

15. Arms as detailed in Table 1 will be supplied to units in accordance with their strength. Additional numbers up to 5 per cent. of the strength may he held as a working margin, provided that the total number of arms in possession does not exceed the number required for the full authorized establishment of the unit.

The necessary adjustment in the number of arms held on charge will be made annually on 1st October.

16. Spare chargers and drill cartridges will be allowed in the following proportions :—

Chargers, ·303-inch cartridges	1 for each rifle.
Cartridges, small-arm, drill, ·303-inch rifles, carbines, or machine guns, Mk. VI	5 for each rifle. *For allowance for machine guns, see Table* 6.

***17.** Rifles may be issued on prepayment to officers and cadets under the conditions laid down in Equipment Regulations, Part 3.

CARE, CUSTODY, AND INSPECTION.

†**20.** In the Senior Division the arms will be deposited after drill in the armouries of the contingent, except when the O.C. gives a written permission to cadets to keep their arms in their own homes. The fact of such permission having been granted will not relieve the C.O. of his responsibility for such arms. Permission will not be given for cadets to take their arms to their own homes during vacation.

In the Junior Division arms and equipment, the property of the public, may not be kept at the homes of cadets.

21. Arm chests for the conveyance of small arms of units of the Senior Division to and from annual camps may be issued to the units, on loan, if required. The cost of carriage will be defrayed by the units.

In the case of the Junior Division, arm chests may be issued, on loan, if required, to the brigade quartermaster at the annual camp to enable the small arms to be conveyed from the camp to contingent headquarters. The cost of

---

* Issue of rifles on prepayment is temporarily suspended.

† Arms should be called in during times of riot or of anticipated disturbance.

Digitized by Google

conveyance of the chests to the camps will be borne by the public, but the costs from camp to contingent headquarters and thence to the depot from which the loan was made will be defrayed by the units.

In addition to the cost of carriage mentioned above, all units will be responsible for deficiencies and for any damages other than those incurred by fair wear and tear.

22. The instructions contained in Section II, Equipment Regulations, Part 3, as regards—

Loan or hire of arms ;
Inspection of arms by O.C. units ;
Record of arms issued to individuals and the responsibility of such individuals ;
Fitting of new barrels to rifles at the expense of individuals concerned ;

will also apply to O.T.C. units.

EXAMINATION, REPAIR, BROWNING, AND CLEANING.

24. When a certificated serjeant instructor is attached to a unit, the examination, repair, browning, and cleaning of arms will be carried out as laid down in Equipment Regulations, Part 3.

25. In the case of units not provided with a qualified N.C.O., C.Os. will make arrangements with the O.C. the nearest T.A. unit for the work to be done by one of the serjeant instructors attached to that unit. When such arrangements cannot be made, the matter will be reported to the D.A.D.O.S., of the area, who will arrange for the work to be carried out.

26. The following scale of material for cleaning, lubricating, and preserving small arms will be issued free, once per annum :—

Mineral jelly, red	lb.	2	For each 100 stand of arms.
Flannelette	yards	350	
Jute, dressed	hanks	½	
Oil, lubricating mineral, G.S. ...	pints	15	
Sheeting, old	lbs.	8	
Wire, armourers' brass	ozs.	2	

Should any further supplies be required they must be obtained from the R.A.O.C. on prepayment.

Digitized by Google

VIEWING PRIVATE ARMS.

COMPONENTS AND TOOLS FOR REPAIRS AND CLEANING.

27. The instructions contained in Section II, Equipment Regulations, Part 3, under these headings will apply to O.T.C. units.

28. The following issues may be made to units not drawing components for repair under para. 27 :—

*Section B.*1:

Pull-throughs :—
Cords, single ... ... 75 } for each 100 stand of
Gauze ... ... pieces 112 } arms per annum.

*Section B.*3.

Tools, cleaning :—
Rods, No. 1 1

Should further supplies be required they must be obtained from the R.A.O.C. on prepayment.

Section III.—ACCOUTREMENTS, HARNESS, SADDLERY AND PACKSADDLERY.

30. Accoutrements, harness, saddlery and packsaddlery will be supplied to units in the proportions laid down in Tables 2 and 3.

31. Os.C. units are responsible that proper steps are taken for the repair and preservation of all articles on charge ; the cost of providing the necessary materials will be borne by corps funds.

In the case of the Senior Division articles which become unserviceable will be replaced from R.A.O.C. store without charge, provided they have become so by fair wear and tear.

32. Instructions for cleaning and preservation of harness, saddlery and packsaddlery are laid down in Equipment Regulations, Part 3.

Section IV.—MISCELLANEOUS.

34. Articles for musketry instruction will be supplied in the following proportions :—

Digitized by Google

Description.	Proportions (except for medical units).
Section A.1.	
Caps, knee	5 per cent. of establishment for R.A. units only.
Section B.2	
Pistols, revolver, No. 1, Mk. VI	2 for each unit.
Protectors, hammer, Mk. II ... ... / **Rods,** cleaning, No. 2, Mk. I	1 for each pistol.
Section B.3.	
Actions, skeleton rifle, No. 1 (*a*)	1 for each unit of cavalry, engineers, infantry (*b*).
Aim correctors, No. 1, Mk. II (*a*)	1 for each unit of cavalry. 1 for each section of engineers. 1 for each company of infantry (*b*).
Implements, action, No. 1, Mk. II	1 for each unit (*b*).
Rests, Aiming, No. 1, Mk. II	2 for each unit of cavalry and artillery, 1 for each section of engineers and 1 for each company of infantry (*b*).
Section J.	
Sheets, ground (unserviceable)	4 per cent. of establishment (*b*).
Section K.	
Rests, tripod	2 for each unit of cavalry and artillery, 1 for each section of engineers and 1 for each company of infantry (*b*).
Section W.1.	
Sandbags(*a*)	6 for each unit of cavalry and artillery, 3 for each section of engineers and 3 for each company of infantry (*b*).

(*a*) Additional supplies may be obtained from R.A.O.C. on prepayment.

(*b*) The University College, Dundee, infantry platoon, will be considered as a unit for this purpose.

Digitized by Google

35. Scales of Grenade and Firework Stores for Training will be published from time to time by Army Council Instruction.

36. Wire entanglement stores will be issued in the following proportions :—

Formation.	Wire, barbed, No. 14, S.W.G. (*a*)	Wire, entanglements (*b*)	Pickets angle.			Pickets screw.	
			Long.	Medium.	Short.	Long.	Short.
	Cwts.	Bundles (each of 5 coils).					
Senior Division—							
Each infantry battalion	4	12	100	200	50	140	280
Other infantry contingents—							
Each company ...	1	3	25	50	13	35	70
Each single or detached platoon	1	3	25	50	13	35	70

Note.—The scale for Engineer units is shown in Table 9.

(*a*) 50 per cent. only of the quantities may be expended annually.
(*b*) 30 per cent. only of the quantities may be expended annually.

37. Tents, C.S. (unserviceable) 1 for each squadron of cavalry, 1 for each section of artillery, 1 for every 2 sections of engineers and 1 for every 3 companies of infantry.

38. Stores for instruction in field sketching will be issued in the proportions detailed in Table 4.

39. Signalling equipment will be allowed in the proportions shown in Tables 5A, 5B and 11.

40. Service pattern vehicles, machine guns and their mountings will be painted once every two years. No paint other than that supplied by the R.A.O.C. will be used.

Materials and working pay will be issued in the following proportions :—

For guns and vehicles of artillery units ...	As laid down in Appendix II.
For machine guns and mountings ...	As laid down in Appendix IV.
For vehicles of other units	As laid down in Equipment Regulations, Part 3.

Digitized by Google

The money allowance for cleaning and painting vehicles will be as follows :—

Description.	Biennial money allowance for scraping, cleaning, stopping, painting and re-marking. (*a*)
	£ s. d.
Carts, tool, R.E.	0 3 10
Wagons, cable	0 9 11½
Wagons, limbered, G.S.—	
Fore	0 3 10
Hind	0 3 10

(*a*) Two pence for each letter or numeral will be allowed for re-marking, in addition to the allowances detailed above (the work being done by hand-painting).

White paint will be allowed for this service in the following proportions :—

Letters or numerals { 1½-inch type ... ... 1½ oz. ; 1¼ ,, ... ¾ ,, ; 1 ,, ... ½ ,, ; ⅞ ,, ... ½ ,, } for every 200 letters or numerals.

Claims will be submitted to the local auditor through the D.A.D.O.S. of the area and will be supported by a certificate signed by the O.C. the unit to the effect that the work has been satisfactorily performed with the paint supplied.

Section V.—MACHINE GUNS.

45. Machine guns will be issued to units in the following proportions :—

(i) One "Serviceable" and one "D.P." Lewis gun for each company will be issued to contingents of the Senior Division which have one or more infantry companies. Accessory equipment will be issued on the scale laid down in Table 6A, and spare parts and tools as in Table 6B.

(ii) D.P. Lewis machine guns will be issued to contingents of the Junior Division in the proportions shown in Appendix I. The accessories and cleaning materials issuable with these guns are detailed in Table 6C.

(iii) Vickers machine guns and equipment will be issued as shown in Table 6D, to those units who have been specially selected by the War Office.

46. In other respects the instructions contained in Equipment Regulations, Part 3, Section VI, will be followed.

Digitized by Google

Section VI.—CAMP EQUIPMENT.

49. Camp equipment will be issued in the proportions detailed in Table 7 for all camps which have been approved by the War Office.

In the Senior Division indents will be submitted by Os.C. units. In the Junior Division the equipment will be demanded and accounted for by the officer appointed Camp Commandant.

50. In all other respects the instructions contained in Equipment Regulations, Part 3, Section VII, will be followed.

51. Field hospital equipment, medical and surgical equipment, and veterinary equipment for the Senior Division of the O.T.C. will be issuable in the proportions detailed in Equipment Regulations, Part 3.

Field hospital equipment, medical and surgical equipment for the Junior Divisions, O.T.C. will be issuable in the proportions detailed in Table 7c.

52. When night operations are to be carried out by units of the Junior Divisions, 24 " Pistols, signal," No. 1, Mk. III*, may be issued, on loan, to the Camp Quartermaster of each camp. The pistols will be returned to R.A.O.C. on conclusion of the camp.

Section VII.—SMALL-ARM AMMUNITION.

55. The quantities of small-arm ammunition allowed annually for practice and exercise are detailed in current Army Council Instructions.

Ammunition surplus from rifle practices is not to be fired in machine guns

56. Indents for the gratuitous supply of small-arm ammunition will be prepared on A.F. G 812, for the whole amount required by the unit for the weapon training year (1st November to 31st October), and must be rendered to the D.A.D.O.S. of the area not later than 1st December.

The strength of the unit on 1st November will form the basis for demanding ammunition. Should the number of cadets to be exercised be in excess of the number for whom ammunition has been drawn, additional supplies will be demanded.

57. The ammunition expended will be struck off charge by two expense vouchers as follows:—One voucher dated 30th September, when the equipment account is closed and another dated 31st October, at the end of the weapon training year. Each voucher will detail the expenditure since the last write

Digitized by Google

off and should show the total strength of the unit and the number of officers and cadets exercised on open and miniature ranges respectively. The numbers so shown and the ammunition struck off charge must agree with the figures given in the annual weapon training return.

*58. When the weapon training course is to be carried out partly on an open range and partly on a miniature range, a portion of the allowance of ·303-inch ball ammunition may be commuted for aiming tube ammunition, provided :—

(*a*) That the total number of rounds of ball and aiming tube ammunition drawn for any one cadet does not exceed 200.

(*b*) That the money value of the ammunition to be drawn by commutation does not exceed the value of the ammunition to be surrendered.

The commutation must be effected prior to the completion of the supply of gratuitous ammunition for the year. Ammunition once issued cannot be returned to store for commutation.

59. The instructions contained in Equipment Regulations, Part 3, Section VIII, as regards :—

Turnover of ammunition ;
Issue on prepayment at reduced and full vocabulary rates ;
Forfeiture of undrawn ammunition ;
Charges for conveyance of ammunition ;
Custody of ammunition and system of supply when magazine accommodation of units is inadequate ;
Prohibitions as regards sale or gift of ammunition ;
Use of ammunition other than that supplied by R.A.O.C. ;
Issue of cases and cylinders ;
Annual inspection of ammunition ;
Defective ammunition ;
Return to store of ammunition, fired cases, chargers and packages ;

will be followed by O.T.C. units.

Section VIII.—ARTILLERY.

64. Stores for the instruction of artillery units will be issued in the proportions laid down in Tables 5B, 8A, 8B, and 8C.

* Suspended temporarily by A.O. 441 of 1924.

Digitized by Google

65. The instructions with regard to the marking, care, and preservation of ordnance, carriages, slides, etc., in the Regulations for Care of War Matériel will be followed as far as practicable in connection with artillery matériel on charge.

66. Ammunition for practice and exercise will be drawn annually as detailed in current Army Council Instructions.

Section IX.—ENGINEERS.

70. Stores for instruction in military engineering will be issued to companies of Engineers of the Senior Division in the proportions laid down in Table 9.

Section X.—MEDICAL UNITS.

73. Stores for the instruction of medical units will be issued in the proportions laid down in Table 10.

The following vehicles will be issued on loan as required during the period of the camp training :—

Description.	Proportion.		
	1 Coy.	2 Coys.	3 or 4 Coys.
Ambulance, motor heavy ...	1	1	1
,, ,, light ...	1	2	3
Carriage, ambulance stretcher (collapsible)...	1	2	3 or 4
Carts, water	1	1	1
Lorries, light	–	1	1
Wagons, limbered, G.S. ...	2	2	3
,, ambulance	1	1	1

Where two or more medical units train together at the same camp, vehicles on a scale for one unit only will be drawn under arrangements to be made by the camp commandant. These vehicles will be loaned to each unit for training purposes as required.

Whenever practicable, vehicles of the nearest Regular or Territorial Army units should be used. When this cannot be done, the G.O.C. may sanction the temporary loan of vehicles held on charge for station transport, or from those held in general stock by the R.A.O.C.

74. Medical and surgical equipment will be accounted for as laid down in Section XI, Equipment Regulations, Part 3.

Digitized by Google

75. The G.O.C. will arrange for the medical equipment to be inspected annually in January, by a M.O. if possible not the accounting officer, who will furnish a report on its condition, enumerating the items held on charge by each unit, to the D.D.M.S. for transmission to the Under Secretary of State (A.M.D. 3), The War Office.

Section XI.—SIGNAL UNITS.

77. Signal and wireless stores for Senior Contingents are authorized in accordance with Table 11.

The maintenance of this equipment is a War Department liability and non-expendable stores will therefore be replaced in the usual manner.

Expendable stores required for upkeep may be drawn annually, if necessary, up to £35 and also up to £50 annually, for W.T. valves.

MAST SECTIONS AND SPREADERS OF W/T STATIONS—ISSUE OF PAINT, ETC., FOR PRESERVATION AND CAMOUFLAGE PURPOSES.

78. (*a*) The undermentioned stores will be issued to units of the Officers Training Corps (Senior Division) in possession of W/T stations, for the preservation and camouflaging of mast sections and spreaders :—

W/T Stations except " A " Stations.

	For each 8-ft. 9-in. Section and for each Spreader.	Three 4-ft. 3-in. Sections.	Six 2-ft. 8-in. or 2-ft. 8½-in. Sections.
Section H.1.			
Grease, lubricating, for cool climates (*a*) ... oz.	4	2	1
Paint, prepared for use—			
Green, Brunswick, light oz.	1⅜	1⅜	1⅜
Red oxide of iron ... ,,	2¾	2¾	2¾
Service colour ... lb.	1	1	1
Yellow, chrome, lemon oz.	1⅜	1⅜	1⅜

(*a*) For mast sections only.

W/T " A " Stations.

The masts of W/T " A " stations will be camouflaged with paint of a special type, to be obtained from the R.A.O.C., employing a groundwork of red with patches of green and

Digitized by Google

yellow superimposed. The scale of paints for each mast will be as under—

*Section H.*1. *N.I.V.*

		oz.
Red,	" Fort " brand oxide of aluminium	2½
Green	,, ,, ,,	1½
Yellow	,, ,, ,,	1½

Grease for use on the socket portion of the mast sections will be allowed as shown above and in para. (*d*).

(*b*) The exposed portion of the mast sections other than those for " A " stations will be painted service colour and camouflaged with red, yellow and green paints. The socket portion will be greased.

(*c*) No additional supply of paint brushes will be allowed to units for this service.

(*d*) The scale of paint and grease will be a biennial supply.

Section XII.—VETERINARY CONTINGENTS.

80. The following equipment will be issued for instructional purposes :—

Chests	veterinary, officers	1
	unit	1
Wallets,	veterinary, Mk. III	1

*Section D.*1.

Saddlery,	universal	sets 1

Table 7.—CAMP EQUIPMENT.

(Referred to in paragraph 49.)

PROPORTIONS FOR STANDING CAMPS, ALL UNITS.

Description.	Proportions.
Section E.1.	
Carts (*a*)	1 for each squadron of cavalry or battalion of infantry for the storage of ammunition, if required.
Carts, water (*a*)	1 for each unit, except medical units (*see* para. 73). If water is not laid on to the cooking places, such additional carts as may be necessary will be issued.
Section H.2.	
Cordage, hemp, hawser, 3-strand, tarred, 2½-in.	As necessary for medium artillery.
Cordage, spunyarn, hemp, tarred, 3-thread	As required.
Section J.	
Axes, felling	6 for each squadron of cavalry, 10 for each battalion of infantry, and 4 for every other unit.
,, hand	
,, pick, 4½-lbs.—	
Heads	
Helves	
Barrows, wheel, intrenching, with wheels	3 for each mounted unit.
Buckets, water, canvas, Mk. V	1 for every 2 horses.
Colours, camp	4 for each squadron of cavalry, 10 for each battalion of infantry, and 4 for every other unit.
Covers, saddle, Mk. III ...	1 for each set of harness or saddlery.
Flags, distinguishing	As required.
Forms, dining tent, Mk. II ...	36 for each store tent and 14 for each marquee allowed to cadets for dining purposes.
Kettles, camp, Mk. III ...	1 for every 8 cadets.
Latrines, screens, Mk. III ...	As necessary.
Mallets, heel, peg, Mk. III ...	1 for every 3 officers' horses, 1 for every other 8 horses.
Mauls—	
Heads, Mk. V ...	1 for every 50 horses.
Helves	
Nets, hay	1 for each horse if specially required.
Ovens, Aldershot, Mk. II ...	As authorized by G.O.C.
Plates, bottom	1 for each oven when specially required.
Pegs, picketing, Mk. II ...	2 for each horse and 25 per cent. spare. *Not for medium artillery.*
Posts, picketing, 2½-ft., Mk. V	Medium artillery, 1 for each horse; other units, 1 for each 10 horses. (To increase stability of built-up rope.)

(*a*) Not required to be horsed.

APPENDIX II.

BIENNIAL ALLOWANCE OF MATERIALS AND WORKING PAY FOR PAINTING ORDNANCE, CARRIAGES, ETC.

(*Referred to in paragraph* 40.)

Note.—The allowance for guns provide for two coats; in all other cases the allowance is for one coat of paint only.

Description.	Material allowed for each gun, carriage, wagon, or limber.		Biennial money allowance per vehicle, etc. for scraping, cleaning, stopping, painting, and re-marking. (*a*)
	Paint for patching and one coat of service colour.	Putty.	
	lb. oz.	oz.	s. d.
Carriage, field, Q.F. 18-pr. ...	7 4	8	10 0
,, ,, Q.F. 4·5″ Htzr.	5 0	8	9 2
Limber, Q.F. 18-pr.	3 8	8	5 4½
,, Q.F. 4·5″ Htzr. ...	4 0	8	6 1½
Ordnance, Q.F. 18-pr.	1 8	—	1 7½
,, Q.F. 4·5″ Htzr. ...	1 8	—	1 11
Wagon, ammunition—			
Q.F. 18-pr.	4 0	12	6 1½
Q.F. 4·5″ Htzr.	5 0	12	7 3½
Bars, supporting, draught pole (per dozen)	(*b*)	—	1 0 (*c*)

(*a*) Twopence per letter or numeral will be allowed for re-marking in addition to the allowance detailed above (the work being done by hand painting).

White paint will be allowed for this service in the following proportions—

Letters or numerals	1½-in. type.	1½-oz.	per 200 letters or numerals.
	⅞-in. type.	¾-oz.	
	¾-in. type.	½-oz.	
	⅝-in. type.	½-oz.	

(*b*) Paint for metalwork will be taken from the quantity authorized for limbers. Woodwork will be treated with "Oil, mineral, preserving wood" for which purpose 1½ gills of oil for each dozen bars may be demanded biennially.

(*c*) Cleaning and oiling.

APPENDIX III.

DETAIL OF A W.T. SET, 30-WATT, COMPLETE STATION, NO. 1 (EXCEPTING STORES FOR MAINTENANCE).

W.T. Sets, 30-watt, No. 1, complete station (excepting stores for maintenance).	Minimum for work.	Essential spares.	Total.
Section A.1.	(*a*)	(*b*)	(*c*)
Braces, with buckle	—	1	1
Haversack, O.S.	—	1	1
Section H.2.			
Cord, whip ... ... lb.	—	1	1
Section Z.			
Aerials, 55-ft.—			
(Includes 4 Insulators, W.T., ebonite, A, *either* Bare (for 15-ft. masts) *or* Covered (for 4-ft. masts))	1	2	3
(Includes one Toggle, aerial)			
Ammeters, H.F., 250 m.a.	—	1	1
Bags, telephone receiver	—	1	1
Batteries, secy., port—			
6-*volt,* 16 *a.h.* (for Wavemeter, hedyne and valves)	2	2	4
10-volt, 16 a.h. (for Unit, H.T.)	2	2	4
Boxes, primary battery, 48-volt, No. 1	1	—	1
Carriers, webbing, W.T.	—	5	5
Cases, 4-valve, No. 1 or No. 2 (*or* 3-*valve*) ...	—	3(*4*)	3(*4*)
Compasses, magnetic, W.T.	—	1	1
Cords, telephone, W.T.	2	—	2
Masts, W.T.—			
either 4-ft. folding	2	—	2
or 15-*ft. steel*	2	—	2
Nets, earth—			
14-ft.	2	—	2
Carriers	—	2	2
Receivers, headgear, S (or B), L.R.	2	—	2
Reels, antennæ, 9-in.	1	—	1
Senders, 30-watt, Mk. III*	1	—	1
Includes, loose—			
Bulbs, 3·5-volt, P (Sect. No. 28B). 6

APPENDIX III.—*continued.*

W.T. Sets, 30-watt, No. 1, complete station (excepting stores for maintenance).	Minimum for work.	Essential spares.	Total.
Tuners, 30-watt set, Mk. III*	1	—	1
Includes the following, loose—			
Plugs, single—			
No. 7 2			
No. 8 2			
Plugs, telephone, W.T. terminal ... 4			
Screwdrivers, bent-wire, ⅛-in. ... 1			
Units, H.T., vibratory, 30-watt	1	—	1
Includes loose spares as in W.T. pamphlet No. 12			
Valves, W.T.—			
Type *B* or A.T.25 (for Sender)	2	4	6
Type R (for Tuner and Wavemeter)	3	3	6
Voltmeters, pocket—			
6 volts (in case)	—	1	1
120 volts (in case) ... ... (per 2 sets)	—	1	1
Watches, non-magnetic, W.T.	1	—	1
Wavemeters, hedyne, Mk. II	1	—	1
W.T. Pamphlets—			
No. 8	1	—	1
No. 12	1	—	1
Section No. 28B.			
Either			
Batteries, dry, refills, 8-cell, No. 1	4	—	4
Batteries, dry, W (for Wavemeter)	2	—	2
Or			
Cells, inert, S	38	—	38
Wires, electric, P. II (only when 15-ft. masts are used) ... ... yds.	10	—	10
